Please explain why you would like to serve in this capacity

Given my background, I hope to be able to bring together the interests of both the flying public and those involved in land development. Our local General Aviation Airports are some of our most valuable resources. Issues of land use in and around the airport area can significantly impact the value of both our airports and the real estate located around them. I would like to have the opportunity to serve both of the communities in which I work in this capacity.
